DEAR PEOPLE -

This is our first unofficial newsletter... thanks for the letters and support and ♡. Personally - I'd like to urge everyone to stay on top of the current events and learn, learn, learn what you can do to help the world in your own way. Individual actions are very important - so don't give it a 2nd thought - just do it....

Also, in the D area.... check out Drivin' Cryn's new album Mystery Road. check out Mary My Hope's new album also. These are two great rock'n'roll bands from Atlanta. And support your local music scene!

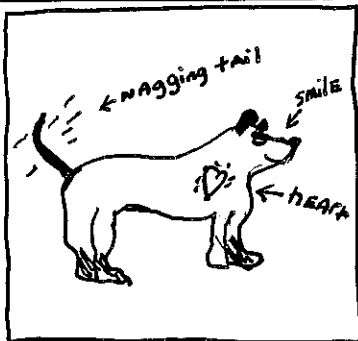

We hope to see you on the road somewhere

HARLEY'S HOUSE

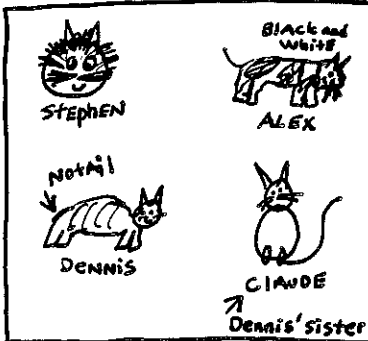

©1989 RUSH

This is HARLEY ↑. HE WAS ON the highway in S. CAROLINA - Some nice person FOUND him! He has a house in ATLANTA now; he shares with 4 CATS. HARLEY HAS A VERY GOOD 'O'. His mother left him when he was very young! but he has lots of friends now.

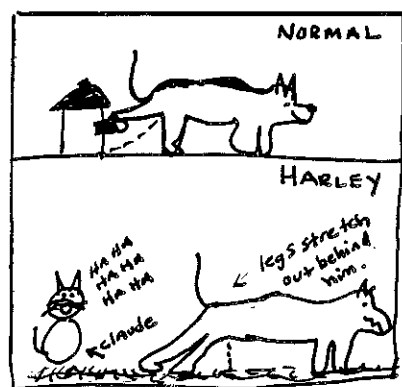

This is NARLEY ↑. NARLEY is HARLEY's evil other side. NARLEY eats the cat food, pees on the floor, scares babies, and keeps everyone from having a good time.

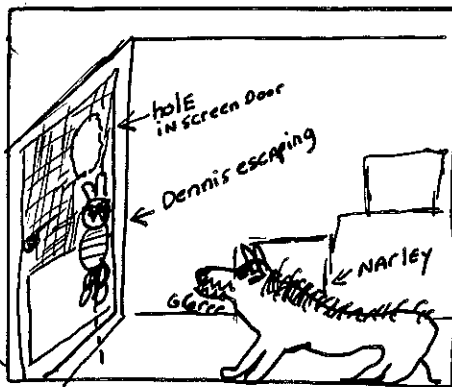

These are HARLEY's cats. They all pretend to hate each other when people are around - but they love each other. They chew on things together. They go dancing too!

HARLEY AND DENNIS DANCING....

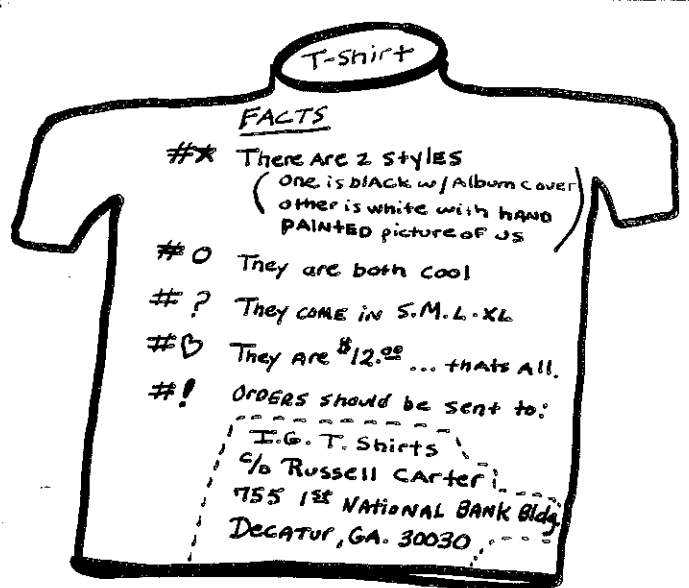

HARLEY'S mother did not teach him to pee right. He is learning from other dogs now. The cats MAKE fun of him...

When "NARLEY" chases the cats - this is how they escape. Here's Dennis escaping... pretty smart huh? He made the hole in the screen door himself!

TUNE in next month....

Hi Everybody!

The rain is coming down in Atlanta. I love the rain, except for when we have to . Then I wish I were on the . But life, as we all know, can't always be a .

Please check out a book called 'Epitaphs for the Living' by Billy Howard. It's about people with AIDS and the proceeds from sales go to AIDS research. We know Billy from Emory - he's a wonderful photographer and person. It's a brand new book and may be hard to find at first, but it's worth it!

Thank you all for your letters and support. Do we have any baseball fans out there? About the only thing depressing about Atlanta is baseball (and football), but I guess it's good to love the underdog. Next time we go to New York, Amy and I are going to see a mets game. Maybe we'll write a song about it ... (that's doubtful, actually).

Anyway - thanks again, and we'll be seeing you on your home turf very soon!

Emily
