

Greetings:

Summer vacation will soon be over and Amy and Emily will head to a studio in November to record a new album, to be released in the Spring of '94.

A cover of "I Don't Wanna Talk About It", recorded by Amy and Emily at Triclops studio in Atlanta will be included on the soundtrack for the new Jonathan Demme movie entitled "Philadelphia" starring Tom Hanks. The song was written by Danny Whitten, the original guitarist for Neil Young's backup band, Crazy Horse. The album will be out before Christmas and will include cuts by Springsteen, Neil Young, Spin Doctors, Sade, and 10,000 Maniacs in addition to the Indigo Girls recording.

For all of you with children, there is a good children's album called "Put On Your Green Shoes", released by Sony Kids. Amy and Emily recorded a song called "Wild Wild Party at the Loquat Tree" for it. Proceeds benefit environmental organizations. My kids love it.

Thanks for your support.

Hello Everyone -

It's been a long, strange summer. I don't think we've had this much time off in 10 years. The good news is we needed it, the bad news is our album won't be out until Spring. We have an interesting assortment of new songs. Emily and I are practicing today. I've spent most of my time working on my record label - Daemon. I have three releases out at the moment → JAMES HALL, LAY Quiet Awhile, and the Oblivious (with Holly Vincent). Hopefully you can check them out. The Grateful Dead Shows were the highlight of my life. All those beautiful people - what a great scene that band and its people have conjured. Well - it's off to NASHVILLE to record in November and back to Atlanta to mix - that should be fun! I wish I had something clever to draw or write, but I'm sapped from all my activities. See ya on the road... ☺ Amy Ray

P.S. check out the Big Fish Ensemble Album I Hate Parties. Emily and I are on it. They are a great band. Its on Lowplay Records.

Hello Everybody!

I can't believe it's SEPTEMBER already. Wasn't yesterday May? All Summer I've been collecting my thoughts ~~thoughts~~ for songs. We'll see.

I played some golf, but I didn't get better. ☹️

I read a great book, "Hopeful Monsters" by Nicolas Moseley. INTENSE.

I watched 10 million cooking shows, my two favorites are the Great Chefs series and Yan Can Cook. That guy's hilarious.

Lots of sports - the Braves are ~~hot~~ - I saw a bunch of games. Also saw the Women's US Open golf and US open tennis in NY.

~~My~~ Football season = heaven for Emily. It's here.

I invested in an environmental store called "The Common Pond" in Atlanta. Check it out!

Amy signed a killer band "James Hall Band" - beyond words!

I've been listening to "The Story" - their new record is "Angel in the House." I loved Jellyfish' "Spilled Milk" (sp!). Dying to hear Jane Siberry's new one. Queen Latifah's "Nature of a Sista" has stayed in the tape deck all hot summer long.

Hope you all are well. We're off to Nashville to make a record soon!!!! ♡ Emily
